I know you're going to have your hands full during this gig, and the weeks before and after. But I may ask your assistance in getting shipments in and out of Lima. I won't ask you to pack or deliver anything, but if I were to have a truck deliver a carton care of you, would that be something you could possibly watch for? And similarly, when I leave, if I have a truck pick up a carton, could you maybe make sure and see that the driver finds it? These kinds of things may not be necessary, but I'm thinking about my options for getting stuff to Lima and back. I've not done this sort of thing before, and I'm looking for options that are easy on everyone. Any suggestions are welcome.
