Till - I can safely say you'll hear a pair o' Mours with a great preamp at Lima. Would an Audio Note M-5 phono pre be good enuff? Don't forget the source, either. The DVD player is not knocking down any doors on several fronts, including bass extension and impact. Do you remember Reference Recordings' DAFOS LP? I'll be bringing that baby along, too. Sometimes you kick the drum. Sometimes the drum kicks you! ;-) Keep your ears and your mind open.
