Subject: Dangerously Close to ordering

Waiting for a friend of mine to build his 2 pi towers so I can give them a listen. Couple of questions.What's the best way to order? Can you use a check or Paypal or must it be a credit card?Pure opinion here expected:What sounds better.....a 2 pi or a 2 pi tower? Which one ends up being more efficient? Or is the efficiency affected dramatically by using the different boxes?John
