Subject: Re: WOW, first time I've been AMAZED in a while.(long) Posted by Scholl on Mon, 17 Mar 2003 09:03:17 GMT View Forum Message <> Reply to Message

This was done in some museums in the 50s but not to the extent and quality of Atlantic Technology. Back in the 90s I tried to reproduce the effect with a piezo tweeter and several generators, mixers and an FM modulator but with poor results, the amp overheated from the 100k

commercial product come out. Thanks for the update.
