Thanks Wayne, Is there any plan for Martinelli 17" horn ? I also looked at this interesting site:  
[http://vincent.brient.free.fr/pav\\_ronds.htm](http://vincent.brient.free.fr/pav_ronds.htm) describing relatively easy way to construct round  
horn...looks interesting. Another Q: how important is sonic difference between stock  
eminence plastic horn and good designed wood horn ? thanks, v
