Man, you are dedicated. I can't believe you're makin' the haul. Steve C. keeps asking me, are you sure he's coming? Does he know how long a drive it is? ;-)  
3 days and counting. I'll be runnin' the speaks pretty hard for the next couple days trying to break 'em in. (I may have to sit outside while this is going on. Either that or pretend I'm at a concert for 3 days! Woodstock at Glastonbury! See ya there!

Keep your ears and your mind open.
