I look forward to seeing most of the folks who were in Tulsa lastyear, and a number of others I have followed on the forums over theyears (the group from Ohio comes to mind). I'll be bringing my upgraded Bottlehead Sex Amp sourced from my Squeezebox 3 driving Lowther PM2Cs in Medallion 2 Cabinets. I'll havesome newly captured from vinyl files, and some of the 96/24 high rezfiles from HiDef Tape Transfers as well as a lot of captured CDs.Should be great!Skip
