...40-1310 super tweeters while thay were on sale and now what do I do with them? Add 'em to the Theater 4's? what's the best way? or pop 'em on top of the RS 1354's in the TQWT? I'd appreciate tips from those who might have successfully integrated this supposedly decent tweet. I am looking for the last bit of air in the Theater 4's but may have to settle for improving the high end of the quasi-Voights.Thanks.G.
