Thanks Melissa - I was wondering if Switchtech had been played. Glad you like it! My son has been listening to ART Radio and thinks it's a great mix of songs. So do I, judging by what I've been able to hear so far; Switchtech is mingling with some rather exalted company.In case anyone is wondering I'm talking about, the song "Switchtech Circuitry" is by one of my sons, performing under the name "Klez". Needless to say I'm grinning from ear to ear that Switchtech made it on to the playlist.Duke
