Subject: Re: 2226h set up, its not the best.. Posted by toxicport.e on Fri, 22 Aug 2003 23:51:08 GMT View Forum Message <> Reply to Message

my 2226 is 2nd hand and it was either that,or a shiva ;)nope the box models fine with 175 tuned to 33hzremember its below resonance so the box requirement is gona be large.besides the vas and fs ,and qts say 50hz tuning and 100L i think for flat :)
