Vlad (Audio Mirror) was delayed because one of his suppliers missed a deadline, and he arrived Saturday afternoon. His late arrival plus the absence of a sign on the door caused some show visitors to miss one of the most impressive rooms at the LSAF. (I'm biased because I have a pair of Vlad's beautiful 6C33C-B monoblocks in my main listening room).

Audio Mirror 45 Watt Parallel 6C333C SET Monoblocks
