I defiitely agree, Fred. AS long as we aim for the increased mass to emanate from Dlyers & small manufacturers, as opposed to the big ones who populate say, RMAF. Greater variety is always good. Also, if we have mor erooms, say 2 floors instead of 1, we probably will need it to go on through for at least 2 full weekend days. (till Sunday 6 pm maybe) to gove everyone a chance to Isiten to everything. -akhilesh
