Hi Wayne,I finally have a couple of weeks to start cutting wood. I don't know if drivers or plans have changed over the last year, so I just want to make sure that I have the latest version of the plans.Please send me plans for Pi Seven Cornerhorns for use with Eminence Delta 15 drivers. I had problems receiving large files at my hotmail addy last time. If I have problems again, I'll reply to your email with another addy offline. Thanks.Gorgeous site, Wayne!
