What's the highest you'd pay for a Cary 808 used in an online sale? I've got my eye on a nice one, at least I think it's nice. I just don't know if it's worth half the new cost and that's what is being asked. I know there are a lot of scammers on places like Ebay and Audiogon so there is some risk. Before I start negotiating, I'd like some input from youse guys.
