Subject: Re: pialign.exe and XP Posted by Wayne Parham on Fri, 16 Jul 2004 05:44:11 GMT View Forum Message <> Reply to Message

Check the "readme.txt" file in the PiAlign distribution archive. It will tell you how to use the program. It's an old program and doesn't use the mouse or cursor control keys. It uses the TAB,

website and some more here.
