Subject: Warrantee? Posted by Fresno on Thu, 22 Jul 2004 01:51:37 GMT View Forum Message <> Reply to Message

How long is the warrantee on those puppies? I think I got them last summer. What is the procedure for returning them? Since only 1 is blown I'd want 2 new ones to avoid a mismatch.I was using a 35 WPC push pull tube amp, the bass was a bit boomy on some of my CD's but not most. His music cracked the foundation of the house next door :)
