Subject: Re: Selenium 12co1P for center and rears to match my 7 PI's Posted by Wayne Parham on Mon, 29 Nov 2004 17:15:13 GMT View Forum Message <> Reply to Message

That speaker looks really good in bass-reflex cabinets from 0.4ft3 to 1.6ft3 tuned to 40Hz. PiAlign suggests 0.5ft3 tuned to 38Hz with a 1" long port, 0.75" diameter or 0.5" x 0.875" rectangular.Looks like it will make a great little speaker.
