Hi Wayne,I've done some drawing on the 2Pi cabinet.The cabinet would be 31.6cm wide, 38.6cm high and 43.8cm deep.Do these dimensions have an impact on sonics ?I'm going to place the tweeter on top of the cabinet.That way I could change the dome-tweeter (monacor DT25)with the Eminence PSD2002 in future experiments.Thanks,Jim
