Hey bud, can you send me cabinet and crossover plans for the 8 pi three-way horn loaded mid design of yours? Looks very interesting.I also got your e-mail in regards to pricing on the parts I requested. They seem like a great deal, and when the funds become available I'll shoot you another e-mail. Thanks!P.S. let me know what kind of parts pricing you can give me on the necessary equipment for these 8 pi units...Adam
