apparently whale rider was good!I dont see many movies,im sick of crap 'pop' movies,let down too much.+ the audio system doesnt have enough bass and seems abit yuck or compressed or something.(tiny little speaker boxes)theres one NZ movie u must get wayne,its 'goodbye porkpie' it might be hard to get in other countries,infact it was filmed even in my city too,its a 1970s movie.Im really picky when it comes to movies. 'joedirt' was good i heard too,LOTR ofcourse i enjoyed.. i still havent seen #3 !my mates got a projector :-) il use that.I like slice of life moviesCheers!
