apparently whale rider was good!! I dont see many movies, im sick of crap 'pop' movies, let down too much. + the audio system doesnt have enough bass and seems abit yuck or compressed or something. (tiny little speaker boxes) theres one NZ movie u must get wayne, its 'goodbye porkpie' it might be hard to get in other countries, infact it was filmed even in my city too, its a 1970s movie. Im really picky when it comes to movies. 'joedirt' was good i heard too, LOTR ofcourse i enjoyed.. i still havent seen #3 !my mates got a projector :-) il use that. I like slice of life movies Cheers!
