Subject: -8\* pi\* Xover--Posted by j.luis cruz . on Sun, 09 Oct 2005 18:20:34 GMT View Forum Message <> Reply to Message

Hy.Wayne . Could use in the 8 Pi a crossover point of 3000 hz. I said this because a get a very good price on a  $4 \times 10$  horns that work over 2500 hz. thanks
