Wayne - thank you very much for your offer!I should have the 2 Pi Tower with the PSD2002 tweeters staged tomorrow. I will keep you posted.Also, I want to take this opportunity to thank you Wayne for hosting a great site. This hobby/site has introduced me to some extraordinary people, and has brought me closer to my boys - we build Pi speakers, kit based vacuum amps and preamps together.It a pleasure and an honor to be part of the Pi community!HaknJim
