Hy Fred .. what do you think of use the eminence ASD 1001 instead of the PSD 2002 .Wayne say that the 1001 could play havoc with its systems but so that I can get the 1001 very cheap \*the wayne prices are good good indeed but I buy from the importer direct . So Im going to give it a try ,Fred look in the eminence web page and compare the output of the 1001 .In my humble oppinion the 1001 look more Hi-Fi that its big brother 2002 counterpart.
