Hy Wayne . do you have a Pi alignment to this driver $f_s = 41$ hz , $R_e = 6.3$, $Q_{es} = 0.64$, $Q_{ms} = 6.65$, $Q_{ts} = 0.58$, $V_{as} = 186$ lts , $X_{max} = 4.8$ mm , $X_{mech} = 33.02$ mm . this driver is the Delta 15 LF by Eminence . I would like a box as the Stage 4 size . Could fit a stage 4 .
Thanks
