Hi Steve, Yea, I can understand the life coming at you situation. I was hoping that you could get away from Wichita Falls last year, I know it has to be a burden driving so far several times a week, and stressful. Well, Summer will be upon us soon, and that is as good a time for a group meeting as any. There is plenty of time to make plans ahead. So, focusing our attention on LSAF will fill the audio void until the group gets together in July. I hope I will be able to attend LSAF, it should be fun and educational as always. I truly hope that our efforts to promote LSAF 2009 and recruit new exhibitors will pay off in a better than ever show this year. At least I have a lot of hope, if nothing else. Take care Norris
