I'll volunteer mine. However, since my wife will be with me, let's not call it a "swap room" - might not go over well. Then again... no, bad idea. Or we could even have a couple of them but publish what the numbers are so people know. The issue is they are likely not to be on the same floor as the rest of the demo rooms, so folks would need to go out of their way a bit. Anyway, I'm looking forward to pruning the equipment list a bit!
