But so did a Benz Ace Micro L cartridge and Nova Phenomena phono stage. I'm listening to the Benz now. Natch'. Both from Musical Surroundings. I did take them out of the box tho', and the fit'n finish is first rate. Heavy, too. And they have the copper shorting wrong. I'll try to get them set-up tomorrow in a temp baffle (the batspeakers have a 2123-sized hole) just to take a peak.
