Subject: Question about placement/positioning of Theater 4's Posted by jimbop on Mon, 03 Mar 2008 22:36:53 GMT

I have a pair of Theater 4's that I've moved into a new room (14.5' wide x 20' deep). The speakers are on the short wall, and my chair is about 11' from the front of the cabinets. What's the recommended placement and position for optimum soundstage?
