Subject: Re: How about Delta12LF? Posted by Wayne Parham on Mon, 10 Mar 2008 04:45:21 GMT View Forum Message <> Reply to Message

The Delta 12LFA is an excellent sounding woofer. It is full sounding and does a great job of putting out the bass without sounding bloated. No notes are overemphasized, nor are there any suckouts. But it doesn't have a shorting ring like the JBL 2226 does. That makes the JBL much cleaner sounding and more articulate.
