Subject: Vifa DX25TG-05 vs. Vifa XT25TG30-04 Posted by colinhester on Thu, 17 Apr 2008 04:22:03 GMT View Forum Message <> Reply to Message

Anyone every try the Vifa XT25TG30-04 in a One or Two Pi in place of the standard DX25TG-05? Would the same Pi Xo work for both? Just finished the Two Pi cabs and thinking of doing something a little different......Thanks, Colin Vifa XT25TG30-04 1" Dual Concentric Dome Tweeter
