There was a old bottle listed on ebay a year or so ago that supposedly contained a spirit. The story that went with it was pretty spooky itself, but I cannot remember enough details to do it justice. The seller had a 100% rating at 500 or so transactions, so it looked pretty legit. Any way, long story short the bottle went for arount $50,000 if memory serves me correct. I remember this because the bottle was "found" near where I grew up in Arkansas.....Colin
