Here it is the quote. "The top 1 percent of taxpayers paid 33.9 percent of all individual income taxes in 2001. This group of taxpayers has paid more than 30 percent of individual income taxes since 1995. Moreover, since 1990 this group's tax share has grown faster than their income share."This kills two birds with one stone. It not only shows that the top 1% are paying a ridicules percentage of the income. It also shows that they are paying more and more....
