In the last 6 months or so I've been listening to more classical music than I have in all the previous 36 years. Nothing "heavy" just easy to listen to Bach, Vivaldi, etc.... Anyway, my 7 year old daughter comes in the other day and asks me if I can put on some of that crazy music I listen to. I'm thinking Pantera or some such, but no!--she's talking about a Vivaldi violin concerto that I was playing earlier in the evening. She's just goes on to say how fast and wild the music is. had to just sit back and laugh on that note.
