we dont get many good movies here on TV-ever since the broadcasting fee of \$100 per yr was gone,its just gone downhill!!!! only watch 2 shows a week!btw - You how have britain have those 'warehouse parties'? and how its all 'underground'? well it really is! Did you know that a group of 10people assembling at one point, with 'repetitive beats' is illegal in britain? The clubs are so awful,expensive,that they go out in the open air and rave! Gota take your own ~25kva generator though!No wonder their soundsystems look so crappy-they keep getting them taken by the police :P
