They have their panties in a bunch because Hillary's using their own rhetoric against them.Cal Thomas - "Michael Steele should be elected to the United States Senate from Maryland, not only because he is qualified, but because he would provide a sharp contrast to the Democratic Party and its plantation mentalityWall Street Jouranal - "Democrats are rubbing their eyes in disbelief not just at President Bush's success across America, but also about the fact that a major group they thought would stay on the liberal plantation forever is making a getaway."Sher Zieve - "Black Americans who have left the Democrat plantation are no longer "black" according to DemocratsAndrew Sullivan - " In fact, it's hard to under-estimate how much some on the left despise the idea of gay men and women leaving the Democratic plantation."These aren't very flattering to the dem party, but they do demonstrate that this is not unique language.
