As soon as they get that everyone of the strawberry pickers is going out on compensation due to back trouble and pesticide exposure. Lots of lawsuits but our kids will have summer jobs again!One guy on the news said as soon as the illegals become legal they will all join unions. No more busting their butts. All those wage slaves will start getting raises and health care and the price of labor will skyrocket. We should just pay the fair wages now and get American citizens into those jobs before the legislation is passed.
