I think we are getting a taste of the new religious government to be. It's making me nervous. ya wonder if people would be likely to mind there own business if the media wasn't able to turn, liberally, everything into a 24/7 3 ring circus. Complete with guest speakers, Keynote personal, eye witness testimony, live mini cam in the right nostril of the accused or abused, 8x10 glossy photos with circle and arrows and a paragraph on the back of each one.....
