I agree with you completely - but I didn't get the same thing from the article you did. What I read was the first print admission that they're doing exactly the same thing we in the US would do under similar circumstances.I've said it a hundred times over the past couple of years - I despise George Bush, his supporters and his policies. But if Sadaam showed up here to get rid of Bush for us? He's gonna' take a cap in the ass, to use the current vernacular.
