I could care less about WMD. It was only one small reason of many for taking out Saddam. Let me ask you this? If you had rattle snakes in your basement would you wait till they bit someone before you tried to get rid of them?Or why did we enter WWII and fight Hitler when it wasn't Hitler that attacked us? It was the Japanese. I'll let you have the last word as I believe I have made my point. Which is that Iraq/Saddam had much to do with terrorism and Al Queda. He was a huge threat to us and the world. Therefore we took him out. No it wasn't perfect, war never is. But it's a hell of a lot better than the Clinton/Democrat solution of do nothing appeasement and hope they decide to like us strategies. At least that's the way I see it. Your opinion my differ.
