Subject: Re: Silent voice Posted by Wayne Parham on Tue, 16 Aug 2005 17:14:17 GMT View Forum Message <> Reply to Message

I think one of the people that wants her silent is her husband. I don't think either political party really wants her silenced, because I think they're both getting their voices heard. It has become an opportunity to polarize the public and promote political agendas. That's what I mean by exploitation. I think this family is being used for media attention and political gain.
