Well I guess you are entitled to your position but truthfully I had hoped for a real answer to the post. All the touchy-feely stuff doesn't really amount to much when people are dying. Make no mistake this is no last ditch effort; it's only the beginning. This war was predicated on lies about WMD's and it is beginning to sour in the public eye. I lived through Vietnam and this is the same thing. The Vietnamese did not defeat us; we defeated ourselves because we insisted on pursuing a false premise just like we are doing here.
