Well, from about 270MB of photos, I`ve chosen this one. You are probably tired of half-naked girls on the beaches, sand, pines, sun, sunsets, sea, etc. It`s St. Nicholas church from 12th century, half church, half citadel, near the Zadar, Dalmatia. Abut that time, coalition forces against the Moslims destroyed and looted this Christian city, on the 4th crusade... Another dark intrigue from the past, in Venetian production...
