Of course my Friend.Her opinions are simplistic; lacking in originality or critical rigor and on top of that she shoots for the easy targets. If she were a man she would not even be given access to the media. Thats the tip of the iceberg of my distaste; by virtue of being a somewhat attractive, obstinate and malicious critic they give her airtime; thats disengenous. Since she has nothing but insults to inform her rhetoric; why would anyone take her seriously unless she was what she was?It's patronising to women to present her as someone of intellect; when many very well accomplished females on both sides of the aisle cannot get a hearing from the media.
