Can you find a view; other than, "The Clinton's Were Bad News"?I can't. The mantra,Democrats have nothing to offer. Well; they do but it isn't, death/incompetence/lack of leadership/theft of public monies/lies.The Public seems to be coming around somewhat; I may soon be out of a job as a critic since unlike the Republicans I don't like to gloat.Can you give me an example of a thorough and thoughtfull political analysis from her by any chance? Something that does not include the mention of the Clintons?
