I am not sure where this one goes. Democrats want what Democrats want same for the Republicans.Are you suggesting that Republicans don't track polls???Lets forget gay marriage and discuss the real issue here which is how the hell does these religous groups get by with dictating to their parishoners how they must vote/campaigning for Republican Political issues and using the press to launch their Republican agenda and still get a tax deferment on all of their property and their income as organisations. You want to talk about whats fair? Thats rediculous that they get away with that BS.How come Ann doesn't mention that?
