Since you have shown yourself to be completely incapable of answering even the simplest of questions, refusing to back up your wild accusations, and basically just spewing tripe, I am done with our debates being discussed below. You do nothing but spit out liberal talking points and when called on to verify or even discuss the points you yourself bring up you stay silent. It is a waste of time discussing anything with you because no amount of reason, facts, or common sense will get you to admit that your wrong. A basic liberal.
