Boy you really riled up this group.By opinions I didn't mean your opinion of people; I mean't your political opinions based on your carefull thought and analysis. Not what Rush said on his radio program.I hate liberals is not an opinion it's a flame. An example of an opinion is something alondg these lines; I feel that legislating from the bench is a term that has no meaning. This is why I feel that way. Thats an opinion.Saying that all people you considor to be liberals are not intelligent or they would be conservatives is not an opinion it's an attack.
