Spin it like you want to Damir. I still challenge you to put up one post where I graituitously attacked Doug. Instead, I tried to use the emails and private communications to put an end to the stalking aimed at us. And for the record... at least one of the founding members of ART... asked my why this pakprotector guy was so "off his rocker"...I told him that some guys are babe magnets... and others kook magnets... that it was the second time in 17 years that I had a net-kook hanging on to my coattails and nipping at my ankles.msl
