I was kidding John. I think I know you well enough to know you are not at all a bigot, unless it's being bigoted against the conservatives!:-)The SC decision...hmm. i think it's interesting that teh new Chief Justice Roberts, Thomas & Scalia opposed it. May be an indication of how Roberts will vote later on, doesn't it?Looks like Bush made a good appointee (for his base that is) and a BAD appointee for the opposition. Wonder how Alito will pan out. -akhilesh
